

Bradley is our own brand. We produce school supplies under this brand. The products are designed in Estonia, often in collaboration with Estonian artists. We create products that are best suited for the local market, with the goal of making the learning process enjoyable. Below is a quick overview of our product range.

Serie of Classic – products featuring child-friendly designs created by Estonian artist Kertu Sillaste: gouache paints, modeling clay, watercolor paints, and oil pastels.

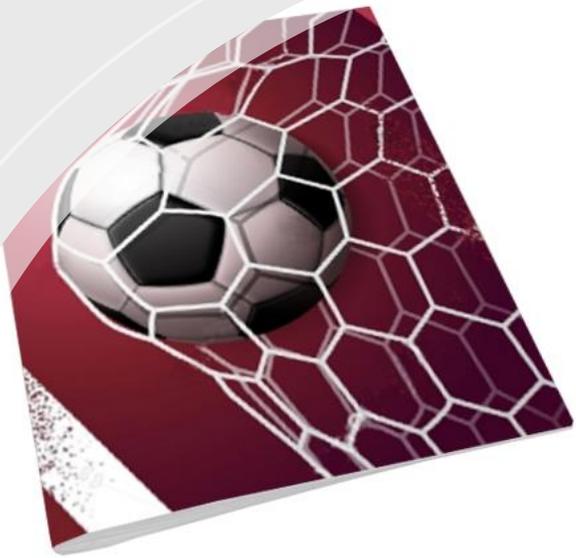

Serie of Smart copy books – These are copybooks that include education materials for different school subjects. These are very popular products on the Estonian market.

Serie of Abstract – The copybooks, spiralpad covers helped to design Estonian artist Mathias Väärsi. These suit for all Baltic states.

Serie of Liisi Lukk / motosport – on the left side the creation of Estonian artist Liisi Lukk. On the right side motosport serie for boys

Serie Sport / animals – Every year we introduce new attractive designs to the market. Special effects are also used on the covers, such as spot varnish.

Serie Pusheen: – we produce Licenced series as well, example Pusheen

Serie Hollandpix – on the left, you can see a very successful animal-themed series by a Dutch photographer. On the right are abstract designs, created by me (artist Anton)

Serie VALHALLA – a creation of Estonian artist - photographer Terje Talpsepp. Nature around us. It is also very successful serie
